

RODRIGUE NGONGA NDZANA BEAUBANE

Full Stack Developer & Web Designer

Cape Town, South Africa | 067 901 6706 | Ndzanarodrigue6@gmail.com | [Portfolio](#)

PROFESSIONAL SUMMARY

Multidisciplinary technology professional with a strong foundation in full-stack development, web design, and graphic design. Experienced in building responsive, user-centric web applications using HTML, CSS, JavaScript, React, Node.js, and Express, alongside relational and NoSQL databases. Skilled in Java, C#, and Scala with a solid grounding in object-oriented programming and design patterns. Combines technical precision with a strong visual design sensibility to deliver clean, scalable, and engaging digital products. Collaborative, adaptable, and driven to deliver high-quality solutions in fast-paced environments.

CORE SKILLS

Languages & Frameworks: Java, C#.NET, Scala, JavaScript, React, Node.js, Express, HTML5, CSS3

Databases: SQL & NoSQL database design and management

Design: Responsive web design, UI/UX, digital illustration, branding, graphic design

Practices: Agile teamwork, software architecture, cloud computing, secure coding, systems analysis

Languages Spoken: French, English, German (Deutsch A2 level)

EXPERIENCE

Coding Instructor / Volunteer

Africa Code Week — Cape Town, South Africa 2019

- Trained approximately 8,300 children in foundational coding skills as part of a dedicated instructional team.
- Designed and delivered engaging, age-appropriate lessons that built curiosity and confidence in technology among young learners.
- Collaborated with fellow instructors to adapt teaching methods across varied group sizes and skill levels.

EDUCATION

Advanced Diploma in Information Communication Technology

Cape Peninsula University of Technology, South Africa — 2024 - 2025

- Advanced coursework in software architecture, cloud computing, mobile app development, and secure coding practices.
- Applied theoretical knowledge through industry-aligned projects, strengthening agile teamwork and technical communication.

National Diploma in Information Communication and Technology (ICT)

Cape Peninsula University of Technology, South Africa 2020 — 2020- 2023

- Built strong foundations in Java, Scala, C#, database management, web and mobile app design, software engineering, and systems analysis.
- Gained hands-on experience through practical projects and Work-Integrated Learning, developing and debugging real-world applications.

Introductory Software Development Course.

College of Cape Town, South Africa 2019

- Completed a one-year foundational program in software development with strong academic results, sparking a long-term interest in technology.

ADDITIONAL INFORMATION

Nationality: Cameroonian | **Based in:** Cape Town, South Africa

Interests: Coding, reading, gaming, film
